## SOMMELIER FEATURE

---

### WHAT WOULD OUR SOMMELIERS CHOOSE TO DRINK?

---

Below you can find a two-page selection of some hidden gems from our cellars. Our Somm team has carefully curated a short list of 45 wines from our 3,000-bin cellar for you.

What is the criteria for a wine to make it on this list?

Firstly, it must be a wine that we would happily enjoy or order ourselves, whether it is a unicorn wine, that we have heard so much about, but never had the opportunity trying due to its scarcity or price tag or whether it is simply a delicious wine that we keep coming back to.

This is a rare opportunity to sample wines that have been slowly maturing in our cellars. We also would like to emphasize on the fact that this selection presents a good-value-for money proposition for wines in the 'world of Rockpool'.

Please note that all wines listed below are available in very limited quantities (quantity available indicated next to price, e.g. [2 btl]). Once sold out, there is the likelihood, that these specific vintages won't make it back onto the list, as these wines are slowly disappearing off the face of the earth and will be lost forever.

Please don't hesitate to speak to any of our Somms to assist you with your wine choice or answer any questions you may have.
